Newborn Guide

HARPER + WILLOW PHOTOGRAPHY

2019

Welcome

Thank you for your interest in having me photograph your family! Our newborn session will document this new time in your life in an artistic and authentic way. I will truly capture how you are as a family unit.

One of the most instrumental aspects of my business is to provide an exceptional client experience before, during and after the session. This is done through careful planning and preparation. Everything from session preparations to clothing recommendations will be gone over in detail.

Please do not hesitate to reach out with any questions. I look forward to working with you!

Your Newborn Session

BOOKING PROCESS

Let's get you scheduled! Based on your due date, we will set a date and time for the shoot. I like to aim for a date within the first ten days after you and baby come home. Once you send a booking request, a confirmation email will be sent your way and from the link included, you will view and sign your session contract. Payment in full is required up front to secure your date and time. As your session date approaches, you will be sent more information via email on how to prepare for your session.

YOUR SESSION

Prior to your session you will receive a questionnaire that details items of importance to you and your family for me to concentrate on. Examples of this would be "we want the main focus to be on the baby but we will pop in for a few"). Expect your session to be reflective to what you see on my website, social media and this guide.

IMAGE DELIVERY

Your session images will be ready within three weeks of the session! You will receive an email that holds the gallery link along with detailed instructions on how to place any orders or to redeem any prints, products or digital files that came from your session.

ALL NEWBORN SESSIONS ARE HELD IN THE COMFORT OF YOUR OWN HOME, SO THAT YOU CAN STAY RELAXED AND COMFORTABLE THROUGHOUT.
